

## Electronic and IT Products Specification

Electronic and IT Products include but are not limited to:

- Data Center Storage
- Enterprise Servers
- Uninterruptible Power Supplies
- Audio/Video Equipment
- Battery Chargers
- Cordless Phones
- Set-Top and Cable Boxes

EPEAT eligible electronic products include:

- Computers
- Displays and Monitors
- Imaging Equipment
- Televisions (TVs)

The State of Maryland, in accordance with State Finance and Procurement Article §14– 414, requires that when purchasing EPEAT eligible electronic products, state units purchase electronic products that comply with the following:

- Listed and rated gold or silver on the EPEAT registry.

All other electronic and IT products must comply with the following:

- Meets Department of Energy and Environmental Protection Agency criteria for use of the ENERGY STAR® trademark label; or
- Is in the upper 25 percent of efficiency for all similar products as designated by the Department of Energy's Federal Energy Management Program (FEMP).

This requirement applies unless the Electronic or IT Product is not listed in the EPEAT, ENERGY STAR® or FEMP programs.

Information about these products can be found at:
